Hickman police arrested a man last week after an assault on an officer. Police Chief Tony Grogan said 25 year old Christopher Stewart was taken into custody at his home on Ponderosa Drive, after an altercation with Hickman patrolman Phillip Burnette. Reports said Burnette arrived at the scene to serve an outstanding warrant on 19 year old Brittany Poyner, of Lake County, when Stewart began the assault.

Chief Grogan said Stewart was then subdued and arrested, charged with felony 3rd Degree Assault, along with Resisting Arrest and Alcohol Intoxication 3 or More Times.

## David Black accepts position at MSU

Charlotte Smith

During a June 3, 2011, interview David Black stated, "It is never a good time to leave." At the time he was referring to his retirement from Fulton County School. Black was the Agriculture teacher, teaching in the district for 29 years.

His plan following his June 30, 2011, retirement was to stay busy and still have a hand in influencing future teachers. Last week he accepted a position

at Murray State University to be the Coordinator over the Racer Academy for the Murray State University Ag Education department. "I am so excited and appreciative for the opportunity to take on this challenge and to work with outstanding educators across the state," commented Black after accepting the position.

Members of the church provide homemade salads and desserts to go along with the barbecue prepared for the church by Ruby Faye's in Clinton. ## Memories of the LaClede Hotel linger on

Last week after Kentucky Senator Stan Humphries and his family were guests at River Valley Ag Credit's appreciation day event catered by Hub's, they spent a little time in Hickman. Among their stops were a visit to the Fulton County Courthouse and a drive down Clinton Street. They stopped outside the

LaClede Hotel to have their picture taken.

This sparked a desire to find out more about the LaClede, the once regal looking hotel, from those who knew it first hand. A few of The Hickman Courier's Facebook friends have sent in their memories and recollections of this building, which is in desperate need of revitalization.

"In the late 40's the LaClede Hotel was owned by my uncle Claud Middleton," said Charlotte Howell. "At that time my mother, Mable Middleton Council owned a beauty shop located in the back of the hotel. One time when we (Nancy Barry, Pat Star and Janet McNeil) were in Hickman High School, we went to the beauty shop after closing time and we all put black dye on our hair. What fun and good ole times! Hickman was a great place to grow up!"

Douglas Pair, another former Hickman resident, is said to see that the history of the town of Hickman is about gone. "The LaClede was way before its time," he said. "It once covered the whole block, including doctors and lawyers offices, stores, and restaurants. It was like a modernize resort hotel, back then. The selective service was in the back and many people had to go there and register for military duty."

Pair's grandparents, Ray and Thelma Gilliam, managed and lived there many years while Pair was growing up. "I spent many nights there as a child," he said.

Robin Greenbaum, a granddaughter of the Gilliams, remembers that they sold their farm in Phillipy and moved to Hickman to stay at the LaClede Hotel when her granddaddy got a job running a road crew for the state. "This was sometime in the '40's," she said. "As far as my mother can remember, my grandparents started managing the hotel in 1950."

Greenbaum, born and raised in Toledo, Ohio, has so many fond memories of going down home to visit all of her relatives when

she was a child. "Whether it was swimming at the city pool, go

Weatherly and Curlin attend Change of Command ceremony

Two representatives from Fulton County, David Weatherly, Fulton County Levee Board President and Hickman City Commissioner, and Greg Curlin, Hickman-Fulton County Riverport Authority Director were in Memphis, Tenn., last week on July 11 and July 12. Weatherly and Curlin traveled to the Memphis District to attend the Change of Command Ceremony for Col. Jeffery A. Anderson, Incoming Commander on July 12.

Born in Tacoma, Wash., Col. Anderson was commissioned in the Corps of Engineers after graduating from the United States Military Academy in 1989.

Col. Anderson has had many assignments including Instructor of Mathematics at the United States Military Academy, West Point, NY; Commander of the 94th Engineer Battalion, Fort Leonard Wood., Mo.; Division Chief for Engineer

Operations United States Forces - Afghanistan, Kabul, Afghanistan; and most recently Director of Army Environmental Programs, Office of the Assistant Chief of Staff for Installation Management, Arlington, Va.

The colonel is married to the former Letitia (Tish) Tully from Nashville, Tenn., and they have three children, Kathleen (17), Meg (14), and Sam (6).

He replaces Col. Vernie L. Reichling, Jr., Outgoing Commander for the Memphis District. Col. Reichling's retirement ceremony was

conducted the day before on July 11. Col. Reichling took command of the Memphis District on July 9, 2010, following an assignment with the Headquarters, Department of the Army where he served as the Division Chief for the Leader Development in the G-3/5/7. Col. Reichling graduated from the Virginia Military Institute in 1987 with a Bachelor's degree in Civil Engineering and was commissioned as an Engineer Officer.

This was Curlin's second chance to witness the impressive change of command ceremony. "I am glad that David Weatherly and I were able to bid farewell to Col. Reichling and meet the new Col. Jeffery Anderson," stated Curlin. "Col. Anderson is going to have some large shoes to fill, those left over from Col. Reichling."

"The thing I was most impressed with was the background of Col. Reichling. I did not realize all of the important operations that he had completed before becoming the Commander for the Memphis District," added Curlin. "He had jumped into Panama with the 82nd Airborne, he was in Iraq with the Operation Desert Shield and then Desert Storm. He then becomes Commander of

the Memphis District and lands in the middle of the historic flood of 2011 and the drought of 2012. He seems to have always been in the thick of things. Col. Reichling is a highly decorated soldier, and not only will he be leaving the post as Commander for the Memphis District but will be retiring from military service altogether. I think this will be a great loss for our country, but I know he and his wife will be happy to start a new life outside of the military."

The custom of a formal ceremony to acknowledge a change of commanding officers for a military unit can be traced back to Roman times. It may be even older, with its true origins lost in history.

A change of command ceremony emphasizes continuity of leadership and unit identity, despite changes in individual authority. The ceremony also symbolizes the transfer of command responsibility from one individual to another.

The Memphis District of the Army Corps of Engineers has served the citizens of the Mid-South since 1882. They are responsible for maintaining and improving 355 miles of the Mississippi River main channel from Cairo, Ill., to the mouth of the White River. The Corps also maintains more than 640 miles of mainline levees along the Mississippi River and its tributaries, 10 inland harbors and 254 miles of navigation channel on the White River in Arkansas. The District also contributes to regional project delivery throughout the Mississippi Valley Division.

Carlisle County Grand Jury returns True Bill in Pender case

Kentucky State Police Detective Kyle Nall charged Jay Pender, 43 of Milburn, Ky., with Murder, in connection with the death of Scott Daniel McBride. The Carlisle County Grand Jury returned a true bill after the investigation was presented on Thursday, July 18, 2013 by Detective Nall. This means that the grand jury believes it has hard sufficient evidence from the prosecution and believes that an accused person porbably com-

mitted the crime and should be indicted. Pender was lodged in the Hickman County Jail.

A shooting was reported by Carlisle County Deputy Coroner Laura Pender, which involved

her husband, Jay Pender, and brother, Scott McBride on Friday, June 14. Pender explained to the 911 dispatchers that the incident took place outside of her residence at approximately

6:45 p.m. that night. The altercation between Pender's husband and brother, resulted in the subsequent shooting that led to the death of McBride.

With fewer than 40 days until Kentucky and Western open the college football season in Nashville, there is news buzz across the land.

**VIEW.** And Peyton Siva married a beautiful lady at Yum Center. Life is good.

**NEWS.** ESPN weighed in. An ESPY for Rick Pitino. Louisville's charismatic coach is back at the summit ... best of the best in all sports, the network said.

**VIEW.** Charmed Life II Pitino is living at UoFL. Humiliated in Boston and humbled by a scandal in Louisville, Pitino is back at the summit.

Some will remember Da Coach's Charmed Life I. 1989-1997, piper Pitino micro-managed an era of revival, prosperity and fun

at Kentucky like none since Adolph Rupp. Wins and losses came soon enough, but Pitino made his program about The Journey more than winning a crystal basketball. His supreme confidence became contagious. In all years covering hoops I never saw Kentucky fans happier. Pitino's emphasis on "embrace the precious present" soothed even the worry warts whose glass-is-half-empty attitude was symbolized by fret over Richie Farmer's playing time.

Was a golden age when UK teams belonged to fans by way of Cawood Ledford and Bill Keightly. Both are gone now. Kentucky basketball has become D-League, and much of that Old Blue Magic has faded.

**NEWS.** Seventy-three University of Kentucky student-athletes made the Southeastern Conference First-Year Academic Honor Roll.

**Football:** Seven; **Men's basketball:** Six. **Qualification:** Must have a cumulative GPA of 3.0 or better, be on scholarship, have completed 24 semester hours of non-remedial credit, and been a member of team for the sport's entire NCAA championship segment.

The 2013 SEC First-Year Academic Honor Roll is based on grades from the 2012 summer, 2012 fall and 2013 spring terms.

**VIEW.** Refreshing. That university officials consider it press release-worthy is good too.

**NEWS.** Kyle Wiltjer has transferred to Gonzaga.

**VIEW.** This sort of decision-making should serve him well in the real world. Wiltjer left a comfort zone (Washington State) to play in the eastern time zone, challenged himself at Kentucky, enjoyed modest success, earned an NCAA title ring (and experience), and now has his cake and will eat it too.

Gonzaga assistant Donny Daniels said recently. "(Mark Few) does a great job of role identification. Everybody has a role, and those guys pretty much buy into what we're trying to do to make us the best team we can."

Part of Few's aura is instincts, how players fit into his system.

**NEWS.** NBA Phoenix rookie Archie Goodwin scored 20 for Suns in a game last week. In three games the ex-Kentucky player was six-of-six from the 3-point line. Goodwin said he's being going to the gym frequently to work on correcting his shot motion.

**VIEW.** That first round pick Goodwin is settling into a pro career is a reminder the NBA Players Union and NCAA failed him and fans too, by not allowing him to go directly to play-for-pay, skip college, leave a scholarship for a kid who wants to play college hoops.

**NEWS.** Keith Olberman returns to ESPN to host a late night show.

**VIEW.** Brilliant and irreverent, Olberman debuts Oct. 26. When he grows up – in some ways we hope he never does – Olberman is good enough to have all late night talking heads looking for work.

**NEWS.** With back-to-back national championship trophies in the case, Alabama coach Nike Saban must be living the wonderful life. Maybe. Earlier this year a rival SEC football coach said Saban is the Devil. Last week he had a new nickname. Robot.

**VIEW.** More curious than why such stupid remarks rise to the level of reporting, is why editors pass them on to print.

**NEWS.** Steve Spurrier wants to "pay the players." At SEC media day, South Carolina's coach suggested \$300-a-game. And, Spurrier added, he wouldn't object if funding came out of coaches salaries.

**VIEW.** The stampede you heard was ball coaches hitting the exits.

**WORTH REPEATING DEPT.**

Antonio Morrison is a sophomore middle linebacker for the Florida Gators. Last week he was arrested (second time in five weeks). The charge? Allegedly barking at a police dog then resisting arrest.

Suspended for the Gators first two games already, Morrison was asked "why did you bark at a police dog?"

"Because the dog barked first," he replied.

And so it goes.

# Pilots preparing for gridiron season, scrimmaging August 16

Charles Choate  
**Courier Correspondent**  
Heading into his fourth season as the head football coach at Fulton County High School, Deatrik Kinney is looking to

have numbers on the sidelines and “W’s” in the scorebooks. And hopes are high that both wishes will come true this year. Kinney and his coaching staff have now entered their second

## LaCledé

ing to the picture show, browsing through the toy section at Miss Kitty's five and dime or walking on top of the sea wall," she said.  
One family reunion, from 1962, sticks out in Greenbaum's mind. "We had just arrived in Hickman," all my aunts, uncles and cousins had gathered at the hotel. We had a big supper and my granddaddy laid down for a nap and suffered a massive heart attack. They always said he waited for us to get there to see us one more time before he left this world."  
Thelma Gilliam continued to run the LaCledé into the 1980s, until she moved to Union City, Tenn.  
Bonnie Voorhees, another owner of the hotel, wrote the following information that she had gathered and it is dated April 1988.  
**"Deed Book 16 p.74**  
T.P. Fortune from C.L. Randle, executor for Samuel Landrum LaCledé Hotel Feb. 17, 1890  
**Deed Book 16 p 86**  
C.L. Randle from T.P. Fortune and M.V. Fortune (probably wife) Feb. 18, 1890 *(Note: this was the very next day and must have been one-half as the price was \$2,650.00)*  
**Deed Book 19 p. 27**  
T.P. Fortune to Mrs. Biddle Amberg wife of Moses Amberg, undivided half of LaCledé Hotel Oct. 28, 1896  
*(Note: Moses Amberg lived in a house that sat on the vacant lot lot next to the house that John Pierson now owns. Moses came from Germany and was original owner of the Amberg Company and was an ancestor of the Ambergs now living in Hickman.)*  
**Deed Book 17 p. 343**  
Mrs. Biddle Amberg and husband Moses Amberg and Mrs. Bet-

tie Randle (wife of C.L. Randle) sold for \$4,600.00 to Seth Curlin the LaCledé Hotel, which was known earlier as The Commercial Hotel. Sept. 28, 1897  
**Deed Book 20 p. 497**  
Seth Curlin conveyed his half to his wife Bettie A. Curlin for \$7,400.00 to repay her money he has used. Jan 24, 1900  
*(Note: this is an exact copy from the deed book which I thought was interesting.)*  
For the consideration of the love and affection I bear to my wife, Bettie A. Curlin, and the further consideration of the sum of \$7,400.00 of her money which I used under a promise to restore same, I, Seth Curlin, do by these presents convey to said Bettie A. Curlin the following property situated in the city of Hickman State of Kentucky viz: lot 24 and 49 fee off west side of lot 23 to have and to hold together with all the appurtenances thereto belonging to her, her heirs and assign forever by this my deed of General Warranty, Jan. 24. 1900  
**Deed Book 21 p. 308**  
Seth Curlin and wife Bettie A. Curlin to H. Buchanan, T.A. Ledford and J. A. Thompson for \$6,375.00 April 17, 1901  
**Deed Book 28 p. 334**  
The Curlins sold to T.M. French and Bessie Boogher for \$4,000.00 Aug. 1906  
*(Note: These dates are correct but some of the information seems confusing and I assume it's because several people sold one-half interest)*  
**Deed Book 28 p. 455**  
T.M. French sold this half to Bessie Boogher for \$2,500.00 Aug. 16, 1911  
**Deed Book 29 p. 135**  
T.A. Ledford and J.A. Thompson

sold their part to H.C. West Feb 14, 1912  
**Deed Book 34 p. 555**  
Bessie Boogher of Fayetteville, N.C. sold her part to J. C. West for \$6,000.00 Jan. 16, 1919  
*(Note: J.O. West was sheriff and was shot and killed in 1925)*  
**Deed Book 60 p. 200**  
Claud Middleton bought the LaCledé from Mrs. J.O. West, widow in 1944  
Claud Middleton died in 1972 and his widow, Lela Middleton, owned it until 1978 when she gave it to her daughter Bonnie, and husband Austin B. Voorhees. The Voorhees sold it to Hickman River City Development Corporation in 1982. This Corporation still owns it.  
1890 was as far back as I could find records. In that day there was not a reference point given so I had to go the cross index. This was very time consuming and I had to stop. Hopefully I can try another time.  
The Horseshoe front entrance and the Keyhole back entrances are very unique and interesting. Other information that has come down thru the years about the Hotel; Lindberg stayed overnight and his signature was on the register at one time but that page disappeared. Mark Twain did not stay overnight but was at the Hotel. There was a Seth Thomas clock in the lobby that was original to the building but this was stolen about 1980.  
In the 20's and 30's the junior and senior classes often had their proms in the dining room. The dining room was very large and furnished with marble top tables. To my knowledge there is only one of these left. Many people can remember eating Sunday dinner at the Hotel during Mrs. West's ownership. There is a bullet hole in the lobby

"I have some players who are not here, and some who said they were going to play, so I am looking to have around 30 for the season. This will be the most I have had on a team since I have been the coach."  
The Pilots are coming off of a (1-9) season in 2012, and appear to have a tough schedule on paper that includes the likes of Lake County, Russellville, Murray High and district powerhouse Mayfield.  
But, coach Kinney said the overall schedule is not to bad, with the addition of some new opponents to the list.  
"We have picked up Gleason and South Fulton, which I think will be some good games and a great challenge for us to play. I think we should be alright, if they listen to what we tell them and do the small things right. I think we will be alright, I think

we will be better than we have in previous years."  
Knowing that young players will mainly dominate the roster, Kinney said his team may stack up this season.  
"To be honest, for a young team we have alot of talent. I think we are going to open up a bunch of eyes this year with kids being prepared and just being fundamentally sound. We have really worked on the fundamentals to make the team be successful."  
Joining Kinney on the side-

lines this season to help guide the team will be the return of veteran assistant football coach Rick Garland, along with former high school coach, and current middle school football coach, James Bridges.  
Pilot fans will get their first chance to see the team in action on Friday, Aug. 16, when they scrimmage at Calloway County.  
The eight game regular season will begin at Sanger Field on Aug. 23, when the Bulldogs of Gleason come to Hickman for a 7 p.m. start.

# WELCOME BACK TO SCHOOL

Dear Pilots,  
What a Summer! The Fulton County custodians and maintenance personnel have worked hard over the summer preparing the facilities for the 13-14 school year, and the floors, are sparkling. The administrative staff has been busy preparing for the upcoming activities including the Pilot Blitz (home visits) on July 30, Back to School Night on August 1, and Opening Day on August 7. We are looking forward to seeing you and your family at these events.

My family and I are excited about being a part of Fulton County Schools and the community. We are thankful to be called Pilots and to be a part of a rich tradition.  
As you know, there is much work to do as we improve student achievement and we all play a vital role as we must all be dedicated to student success. Everyone plays a role in student success. Parents play a role as you assist your child in their learning and motivate them to be successful. Fulton County bus drivers play a vital role as they pick up our special cargo and welcome our children in the morning and ensure their safety back home in the afternoon. The custodial and maintenance staff ensure we have clean and working facilities that provide a comfortable learning environment for our students. Faculty and staff play a vital role in teaching, motivating, and engaging our students in learning and achieving academic success and our local business play a vital part as they support our community, school, and students in our endeavor to improve academic achievement. Toni Morrison describes the above thought in this way, "I don't think one parent can raise a child. I don't think two parents can raise a child. You really need the whole village." We need everyone in Fulton County to do their part as together we show and claim that we are dedicated to student success!

## FULTON COUNTY ELEMENTARY/MIDDLE SCHOOL

Fulton County Elementary/Middle School will focus children on educational success by teaching students to cooperate, accept responsibility, respect others, expect excellence, and become successful life-long learners.

**PROFICIENCY, POSITIVE RELATIONSHIPS, and PILOT PRIDE**

Dear FCEMS Parents and Students:

The beginning of the school year is just around the corner, and I am so excited about what is in store for Fulton County. We are all enthusiastic about the arrival of our new superintendent, Mr. Aaron Collins, and the promise of a fresh vision for the academic well-being of our school district. The future is bright at Fulton County, and we are preparing for another great school year.

As educators at Fulton County Elementary/Middle School, we are here to serve all students in our community. We have a highly qualified faculty to serve the academic needs of our students and a support staff who is here to help provide a safe and caring environment for each individual who is part of our school community. New faces you will be seeing this year include Ms. Stephanie Mora who will be teaching Arts and Humanities, Ms. Ashton Fleming who will be working diligently with our 3rd grade students, Ms. Amy Smith who will be joining the English and Social Studies teams in the middle school, Mrs. Brenna Coffey Ray who will be teaching Earth/Space Science for us, and Ms. Jessie Kirk who will be joining our Special Education Team. I am so excited about the new PILOTS we have on staff, and I know the students will be too!

With the first day of school sneaking up on us, FCEMS students and their parents/guardians are encouraged to pre-register on any of the following dates and times: July 30th, July 31st, and August 1st from 10:00-4:00 each day. Each of you is also invited to attend our Back-To-School Night on Thursday, August 1st from 5:00-7:00. A hot-dog supper will be served in the cafeteria and there will be lots of activities going on in the gym. You may also pre-register your child this night. Remember that all students must pre-register before the first day of school on August 7th.

If you have any questions, please do not hesitate to call. I look forward to working with you and your child throughout the school year to provide a productive and safe learning environment that supports student success.

**Always a PILOT,  
Ms. Julie**

## Parents, Guardians, and Community Members

As we embark on another great year at Fulton County Elementary/Middle School, I would like to thank each parent, guardian, and community member that supported our amazing students and school system the past year. Without your continuous support and encouragement our school system would not be the great place we know it to be. Together, we can continue to present high expectations for each student, as well as, give them the tools that are needed to meet those expectations in stride.

One such expectation is to be able to read at or above grade level before heading to high school. Our faculty and staff work tirelessly toward this goal each day but would like to present a challenge to our Fulton County parents/guardians that will help our students achieve this expectation. Despite the possible burden this challenge may present, the reward will be worth your time and energy. I simply challenge you to read. To read aloud with your child for at least twenty minutes a day. Research shows twenty to thirty minutes of time spent reading aloud with your child each day is a leading indicator of their future literacy success. The enormous impact that this simple challenge will make in your child's life will resonate for years to come. My family will be accepting this challenge and I hope you will take this opportunity to work alongside us to help our children exceed this expectation.
